TUESDAY, NOVEMBER 4,

RED CROSS NEEDS

TOLD BY DAVISON

War Council Chairman Explains

New Drive—Society Asks for Fifteen Million Dollars and Enrollments of Members to Continue Work.

Atlanta, Nov. 2.—Henry P. Davison, former chairman of the war council of the American Red Cross and now member of its executive committee, today made the following statement:

"As former chairman of the war council of the American Red Cross and now as a member of its executive committee, I address this statement to the American people concerning the financial basis of the appeal of the Red Cross during the next year for members and for a new fund of \$15,000,000. While the war council on February 28 last turned over the management of the Red Cross to the permanent executive committee the records showed a total balance of \$17,000,000 still remaining out of the two war fund drives. Of this amount \$33,000,000 was in the hands of the 1,000 chapters for their local work and \$35,000,000 was represented by goods for relief abroad either already in Europe or in process of shipment. Some \$41,000,000 remained available for new purposes.

"On February 28 the expenses of the Red Cross were at their peak and this peak continued for some 90 days subsequently. During that period practically all war time work was under arms or in process of demobilization and relatively few men had been discharged from our hospital. The work for families of soldiers did not attain its peak until April 1. These situations entailed very great expense to the Red Cross.

"Avoided the coming of peace, opened up areas unbelievably devastated, particularly in the countries in eastern Europe. Such was the magnitude of the task of administering relief that for a while the Red Cross feared that the funds on hand would be insufficient to carry it all this November. The effective work of those directly in charge of the activities enabled the Red Cross to wind up more rapidly than had been anticipated that portion of the work which was susceptible of being terminated and for which appropriations had been made on a war time scale. As a result there were many savings from appropriations made and the reports for the month of September show that for the coming year approximately \$14,500,000 will remain and will be available of the \$14,000,000 turned over to the war council on February 28. This sum of \$14,500,000 will be added to the proceeds of the campaign which begins next week.

"The Red Cross might now complete its work for war soldiers and their families and round out its war time program. In Europe, the need for aid is simply without limit. The larger needs can only be met by the governments, but there is an imperative call for emergency relief where the processes of government are too slow to aid those suffering acute afflictions. The sum now asked for by the Red Cross will enable this great organization to do a well-proportioned piece of relief work abroad, carry out all home duty activities, planned for the new year and furnish proper reserves to provide for emergencies or disaster.

"The American people who have responded so wholeheartedly and upon such a magnificent scale to the past appeal of the Red Cross are an sure, however much to avail themselves during the coming week of the opportunity to enlist themselves on the rolls of the Red Cross and thereby reiterate the efforts of this great organization to the service of humanity.

FOR UP-TO-DATE auto tops and upholstery call on Burdell and Wilson. Have a man that knows how. Give us a trial, 112 Columbia Street.

Misses Grace and Mary Wall and Grace Lynn left to Greensboro, N. C., last Sunday to hear "Gypsy" Smith, who is holding a revival meeting at the place.

Be sure to see "Hearts of the World" at Dreamland Theatre Thursday and Friday. Four shows 12-3 P. M., 6 P. M. and 9 P. M.

The Chester County League has a lunch stand at the County Fair and all citizens are asked to patronize the league. As is well known the money made by the league will go toward various improvements or in some good work in or near the city. Dinners will be sold for fifty cents.

The Chester County Colored Fair will be held on November 12-13-14. The officers of the association are making arrangements for the biggest fair ever held in the county and an excellent line of exhibits will be shown.

WE ARE LOOKING for mules and horses to be very much higher and we bought far back. They will arrive this week. If you will you to wait and see them. Buy now and save money. The S. M. Jones Company.

We again call attention to the fact that the Fair and the League have made arrangements for an aviator to be in Chester at the County Fair on Friday, which is Educational Day. The aviator will have a passenger airplane and those who desire may "go up on high."

The campaign Sunday afternoon by the Associate Reformed Presbyterian church of Chester has made a forward movement resulting in the raising of \$21,978. This church was only appointed ten thousand dollars. When all of the results are in it is expected that the canvas will result in the raising of approximately twenty-three thousand dollars or more than three times the amount apportioned the church. Mr. W. B. Robinson is congregational director and the following gentlemen are associated with him on the executive committee: Messrs. J. M. Latham, Wm. C. Miller, M. E. Marion and Hubert Fraser.

While the crowd in Chester today attending the Fair and the Robinson's Show is a large one it is by no means the largest crowd which has ever attended such an occasion in Chester. The circus arrived early this morning from Gastonia where they showed yesterday, and erected their tents just beyond the Seaboard tracks on the York road.

WE HAVE the Messrs' shipment of horses and mules ever made to Chester coming in this week. We will have some very fine mules and horses in this lot. Wait, and see them. The S. M. Jones Company.

Owing to the fact that considerable time was lost this morning in the News office on account of a gasoline burner on the linotype machine it was necessary that we condense all items as much as possible in this issue. As fact we have been forced to have several items out.

The fall term of court convened yesterday with Judge Thos. S. Sease, of Sparanburg, presiding. Judge Sease in charging the grand jury gave considerable time to good

roads and educational matters, mentioning the recently enacted school attendance law.

Dr. H. B. Malone of the City Board of Health advises there are several cases of smallpox in Chester. Parents who have not had their children vaccinated should do so at once.

Mr. and Mrs. W. A. Lynn spent Sunday at Edgemoor with relatives.

Friends throughout Chester and neighboring counties learned with much sorrow of the death of Hon. Peter T. Hollis, Confederate veteran and former member of the House of Representatives, which occurred at his home in the Pleasant Grove section last Saturday evening. The funeral services were held at Pleasant Grove M. E. church Sunday afternoon and a large concourse of friends from various sections were present to pay their last respects to this honorable gentleman. The services were conducted by the pastor, Rev. E. Z. James, assisted by Revs. A. Lammis, of Edgemoor, and A. S. Rodgers of Rock Hill. Mr. Hollis was a devoted member of the Methodist church and numbered his friends by the hundreds.

We suppose the average autoist thinks that he is getting good value for his money these days but the News happens to be in a position to know when good gasoline is being placed on the market and the gasoline we have been getting for the past three years is something "free." Before the war, we secured gasoline which hardly ever gave us any trouble but now its trouble all the time. The present gasoline causes the burner and "on" linotype machine to get stopped up with black substance which resembles carbon and prevents the gasoline from flowing freely through the burner. In just about three years ago, we could buy a burner about two years' with very little trouble. Now we have trouble almost daily and have been forced to buy four new burners during the past year.

"Hearts of the World" the sweetest love story ever told will be shown at Dreamland Theatre Thursday and Friday. Four shows 12-3 P. M., 6 P. M. and 9 P. M.

FOUR YOUNG MEN FACE GRAVE CHARGE

Rock Hill, Nov. 4th.—Four white men, claiming Latimer, N. C., as their home were brought here last night by the chief of police of Port Mill charged with running over a little girl Edna Broom, at that place last night. They were well dressed and of good appearance, and gave their names as Nash, Rogers, L. V. and T. B. Stogston and G. G. Hamrick. After running over the child they were not apprehended until they reached Charlotte and because of considerable feeling over the matter in Port Mill it was decided best to bring them here and place them in the lockup for the night. This morning they were taken back to Port Mill and the driver of the car was fined fifty dollars by the mayor of the town and the magistrate placed them each under a five hundred bond for their appearance at court in York.

The little girl, who is now in the Fennell Infirmary, has her arm broken and is otherwise injured but it is thought that there was a considerable quantity of whiskey in the car when the crowd was arrested.

The Civic Association Met Thursday

The first matter considered at the Civic Association's meeting Thursday afternoon, October 29th was the matter of providing some place and some means of caring for the tuberculous cases in our county. The County Nurse and assistant, Miss Sledge of the Red Cross, were with us and could give us first hand information.

One colored home was reported by the nurse, where immediate action was needed. Two women, who ill to cook and care for themselves, with three little children and a young boy doing what he could for them. These good subjects for the disease and good means of spreading it to others, for these women had taken it from a relative. This with other instances making it plain that something should be done. Then the very interesting subject of "Spiced lunches" at the Fair Grounds came up. The committee and their various duties were published for the meeting. Everything seemed ready for running things most successfully. As the work of the Association is always for the improvement and benefit of our city and county we look for the Civic Association lunch counters where you will find most tempting lunches and ice cream served at moderate prices.

Mrs. J. J. Strinfield, Chairman Publicity Committee.

RECORD ATTENDANCE EXPECTED AT SYNO

Pastor of Anderson Church, Host of Presbyterian Body, Plans for Many Deliberations.

Anderson, Nov. 2.—The Rev. Paul McChesney, pastor of the Central Presbyterian church, where the sessions of the Presbyterian synod will be held, states that he expects a record breaking attendance. More than 200 delegates have already been heard from; usually there are not more than 150 delegates. The first session will be held Tuesday evening at 7:30 o'clock and the sermon will be preached by the Rev. E. P. Davis, D. D., pastor of the Second Presbyterian church, Greenville, who is the retiring moderator.

One of the most important matters to come before the body is the \$1,000,000 drive for the United National Institutions of the church within the bounds of the Synod. Columbia Theological seminary, Chicago, College for Women and the Presbyterian college at Clinton.

Among the visitors to the Synod will be the Rev. Robert Smith, D. D., executive secretary of foreign missions for the Southern Presbyterian church, and the Rev. H. H. Swaid, D. D., of Louisville, Ky., Secretary of Christian education and ministerial relief.

For Rent—Mrs. May D. Hughes' Boney place near Blackstock. Open and for two good places. Plenty of fruit, including berries and water in yard. Near church and good school. See J. M. Wise attorney for Mrs. Hughes. 25-30-3-7.

On next Friday at the Chester County Fair the Rock Hill and Chester football teams will do battle. It will be remembered that the two teams played a scoreless game a few days ago and the game Friday morning is the hardest fought one of the season. The Rock Hill Record of yesterday says that hundreds of the Rock Hill students and friends are planning to come to Chester to cheer up the Rock Hill boys.

Renew your membership in the Red Cross. If you are not a member, join. Every American, old and young should be a member of the Red Cross. We do not know of anything that you can get a dollar in that will do more good than in the Red Cross.

LABOR DELEGATES TO FACE CONTEST

Protest Comes at International Conference

Washington, Nov. 2.—Seething of labor delegates to the International Labor Conference from Japan, France, South Africa and Argentina will be contested at a meeting tomorrow of the conference committee on credentials.

Protests against the seating of the labor delegates from each of the four countries have been held before the credentials committee, claiming that the delegates in question were not chosen fairly and do not represent the labor majority of their countries.

All four of the protested delegates bear proper credentials from their

governments and it is expected that the committee at its meeting, which will follow the general session of the conference tomorrow, will vote to admit them to the gathering. The powers treaty provides that the several governments are the appointing power, but that the governments must accept the advice of leading industrial and labor organizations.

Labor leaders are so strongly dissatisfied with the present basis of representation in this conference that the issue threatens to overshadow for some time the subject matter for which the conference has called, although the question of representation will not be brought for a vote before arrival of the labor delegates tomorrow, on which the labor delegates count, for support.

At the conference now stands labor

Putting The Blame Where It Belongs

Testifying before the House Committee at Washington Herbert Hoover makes the statement that the high price for foodstuffs has been caused by speculation carried on by interests which grabbed up the supplies they could, by the hoarding of goods in the form of stocks of our own people and those of war-stricken Europe.

This has been the repeated expression of opinion of The World. What has been going on in Wall Street with respect to industrial stock has been going on less openly with respect to foodstuffs and all other commodities entering into the necessary costs of living. There has been no limit to either case to these speculations "for the rise" except the inability of operators to command funds to carry their speculative loads, and the vast expansion of bank credits indicates for that limit as yet no great power of limitation.

But there is always an end to such craze somewhere, and the end of all this must be near at hand. All the world is fighting this speculative squeeze of the Disinfecting consumer in essential commodities, as is shown by the rapidly increasing imports and stationary or decreasing exports. And it is such a trap authority as the New York Journal of Commerce, which, coincidentally with Mr. Hoover's diagnosis of the situation, warns the banks of their vital part in feeding these speculative fires. We shall then not have to wait long for realizing the Hoover forecast of an early and very substantial reduction in prices. —New York World.

Government and one for capital.

The appointment of a commission to take up the question of unemployment is on the program for tomorrow and may bring forth discussion as to what policy the conference should adopt in handling this and the other four items of its agenda. A portion of the conference membership desires to have all questions debated in full and open session, but others contend that agreement among all three groups—governments, employers and labor—can be reached more readily by a commission.

Finest In The Land

We have said a whole lot in these few words but we mean every word of it and will convince you that we have the finest lot of mules and horses ever brought to Chester county if you will visit our stable.

To be frank we have "spread ourselves" this fall and bought the best lot of mules and horses we could find in the country.

We have over 100 head of mules for you to select from. Every one of them is a good one and we will make the price right. Come and see them they are great.

For speed, we have some horses that are in a class by themselves. See them and you will agree with us.

Don't forget we have three carloads of fine Pure-bred cattle. Prepare for the boll weevil by buying pure-bred cattle.

STRONG DEMAND FOR COMMODITIES

Verages at Times on Recklessness.—Federal Reserve Board Checks Up on October Through Agents in Districts.

Washington, Nov. 2.—Despite disturbed industrial conditions, great prosperity obtains generally over the country according to reports for October received by the federal reserve board from its agents in the several districts. A strong demand for commodities, verging at times upon recklessness, in buying, was noted in practically all sections.

Summarizing the reports, the board in a statement made public today said the labor situation occupies a position of primary importance with an increasing degree of general interest over the country. The steel strike, which has been long drawn out thought with production well maintained, said the smelter, is apparently approaching its end. The strike has not in recent weeks seriously hampered production.

More serious, perhaps, in its possibilities than any other labor disturbances is the general coal mine strike. "Hopedful indication in the labor difficulties is the fact that in some districts a smaller number of actual

strikes or a small number of men out of work as a result of strike, is reported."

A troublesome factor in the industrial situation is seen in the existence of widespread conditions of high prices and social unrest, and month, prospects for a growth in this direction have been such as to cause some anxiety. "Summing up district labor situations, it would appear that in the New England region there is no general or serious indication of working relationships, although there is unusual caution among employers, while in Philadelphia but little disturbance has been experienced. Conditions in the South, at Atlanta, and the adjacent region are fairly satisfactory, while in Minneapolis and the Northwest there is full employment at good wages. Unrest exists in New York and Chicago, while the labor situation in the Southwest and on the Pacific coast is still unsettled.

"Crop returns were reported as good in most sections, and even where declines in output have brought the total yield below the forecast, record prices have augmented the money returns in spite of the decreased volume."
